#194 - Popsicle Diet

They said you can't get fat by eating popsicles on TV.
Isn't that your second one?
Pop-sicles are yummy.
You gotta eat them with the window open at least.
カラカラ
Eeh!?
ヒュウウウウ
You know, because your body gets cold
and heating it back up uses lots of calories.
Eating them in a warm room like this
doesn't really make you that cold, does it?
How is it?
Feel like you're losing weight?
Hnn...
ガリガリ
These aren't tasty at all when it's this cold!
.....?
What could they be doing with the window open in the dead of winter...?
How odd.
